The Weekly Update By: Tiffany Orlando & Maggie Coleman

Last week was Halloween and we were ready. Halloween is a great holiday. We have the tradition to trick or treat. We had a school Halloween party on Wednesday, October 31, 2018. We got to wear our costumes at school. The fun thing about that is you can show off your costume to your school friends. At this party we also played games and ate pizza. It was super fun to have a Halloween party at school and we hope you liked this article! Happy Halloween!

Halloween Party!

At the Halloween Party we played a lot of games. We also dressed up in our costumes. At the halloween party, there were homeroom parents to plan fun games and they were there to make sure we were having a good time. They also brought pizza and drinks. We are so thankful that we had such amazing homeroom parents. We had a blast at the Halloween party!

4th Grade Green Team

There are four girls in fourth grade named Sammi Ditmore, Nicole Pesanke, Addison Denardo, and Denika Bergman who pick up trash they find on the playground. They started picking up trash because they noticed a lot of trash where they played. They noticed a bunch of bottles and decided to pick them up. They found a sign that said "snail club only" and they wanted to thank them because that is how they started to pick up the trash. They wanted to inspire other students to pick up the trash too. Thanks to fourth grade we don't have trash on the playground.

Band

By: Aneri Patel

5th grade band is practicing the Christmas Concert songs. The concert will be held at the Thomas Jefferson High School on December 6th @7:00. 4th grade is practicing basic notes.

Morning and Recess Band

In morning and recess band we are practicing the following songs:

- Winter Medley
- Oh come all ye faithful
- Up on the housetop

The entire band will be performing these songs. Morning band is every Thursday and Friday at 7:25. Recess band is at 11:50-12:20 and we do the songs that we are working on for the Christmas concert.

What We Are Doing in Art

By: Olivia Edwards

Tinkercad is a 3-D art design search that 5th grade is doing for an art grade. 5th grade is working on buildings, and the buildings can only be 100 meters tall. The base is 40 by 40. There is 3 different windows you can choose from to put on your building, 1 is you can make a hole on the side another is a framed window. You can also make 1 that is a box with a hole in it and then inside of your shape just so you can see the hole.

4th grade is working on their African unit so 4th grade will be making masks and drums for their art grade. 4th grade is going to make masks with patterns, shapes, and 3 colors.

What We Are Doing in Choir

By: Ashley prince

On the first day that we went to choir we started to practice songs called, Trees are Gently Blowing, Sparklejollytwinklejingley, The Star Spangled Banner, Peace I Give, and Hina Ma Tov. The entire choir will performing on December 6th @7:00 at TJHS.

Creative Dramatics

Creative Dramatics is a group of actors from JHIS and Clairton that are performing a play called The Tempest. We will be performing this play at the O'reilly Theater on December 15, 2018. We practice in Mrs. Gephart's room every Tuesday after school with the help of our coaches, Ms. Hope and Mr. Paroug.

"It would mean so much if you could come and support us," Abby Kauffman said, a member of the Creative Dramatics team. The play is about a man named Prospero who was kidnapped and his title as the Duke of Naples was stolen by his brother. One night when his kidnappers were on a boat together he creates a storm that tears their boat apart and washes them onto an island. They have to survive the creatures and the wrath of Prospero.

There are 600 seats in the theater and this program would like you to fill them all. Creative Dramatics could really use your support and we think you would all like the play!

Opinion: What I Think About the New School.

What I like about the new school.

We get more recess time.

There are more people to make friends with.

What I do not like about the new school.

It gets too crowded when we're in line going to eat and when we're coming up from recess.

Recent Natural Disasters

By: Mason Grilli

Hurricane Florence recently devastated the Carolinas, killing 30 people making landfall as a category 1 hurricane on the morning of September 14, 2018. The hurricane caused 13 billion dollars in damage, catastrophic flash flooding, and significant river flooding. With maximum sustained winds of 90 mph, Florence brought a 10 foot storm surge. Over 600,000 homes and businesses on the East Coast had no power. By afternoon Hurricane Florence was downgraded to Tropical Storm Florence. As the storm moved west it dumped substantial amounts of rain on North and South Carolina. The rain was so bad Wilmington, North Carolina, was cut off by floods. President Donald Trump has made millions of dollars in aid available for storm victims.

Why Off School Tuesday?

For those who didn't know, November 6th was Election day. The teachers vote here sometimes but otherwise people vote at places like the borough building or Jefferson High School. You can vote when you are 18 and older. If you voted, you voted for democrats or republicans. You will find out who won on TV, radio or maybe somewhere else. If your parents voted we hope you enjoyed!

What is Art?

By: Samantha Strobe

Art is the expression of creative skills and imagination, like in a visual form such as a painting or sculpture. Art can be beautiful and emotional. Electronic art is a new type that is used a lot, like 3D printing. Art isn't just drawings and paintings, it could be a play as well, like the theater of arts.

What to do and what not to do while drawing/art.

- **Don't** compare yourself to other artists you find better than you and point out how they're better.
- **Do** find what you like about it and put that thing you like into your drawing!
- **Don't** make unrealistic goals of drawing.
- **Do** start out in your comfort zone and expand on that.
- **Don't** slam a brush straight onto the paper.
- **Do** make gentle strokes with the side ish of the bristles.

By: Karina Wik

Drawing and Painting Tips

By: Mckenna Shaw

Hi my name is McKenna, and I love drawing. I have found out many tips for painting and drawing over the past years, and would like to share them with you.

1. When you are painting with a paintbrush, you can damp the bristles to get the shape that you want to paint with, but make sure the bristles are not soaked with water.
2. If you like to make bubble art what you want to do is pour in a tiny bit of dish soap into the paint water and mix. Then get a straw and blow to make bubbles and then slide your paper or cardstock through the bubbles but make sure you do not get your paper in the paint mixture.
3. If you like to draw with markers, I like to have a sharp point to make it more precise and make sure it has lots of color for brighter, fuller color.

How to draw a silly face with a top hat by: Alyssa Danen

First you draw a oval. Then you make a smile. How you do that is make a line and curve it. Next you make a hat. To make it you draw a line and then you go to the left and put your line up and then you go to the right and draw a line and make it go a little bit up and curve it. Then you go up and curve and put it up much and then you move to the right. Then you move it and then you put down and then you are finished.

How to Draw Different Cats (intro)

Hello everyone! In case you don't know me, my name is Aeda and Kaitlyn and we going to teach you how to draw different types of cats. So if you love cats and want to draw them please tune in every newspaper to the how to draw section. I will be drawing a different cat each day so if you like a certain breed then please come and tell me. I will do a pole and figure this out for each cat and day.

Thank you!

By: Aeda Devault and Kaitlyn Beach

This is the first cat tutorial. We are drawing a sphynx.

Draw the oval for a head.

Next draw in the ears and define the head shape.

Then add in some eyes by making an oval and then add in the rest of the eye!

Now then please add the nose then mouth in a smile.

Now make a line for the body and draw circles to make it. Now define.

McKenna Shaw's tutorial of how to draw a flower

1. Your first step is to draw a circle in the middle of your paper

Like so

2. Your second step is to draw many oval shaped petals

Tip: you can do different shapes for petals but this is easiest in my opinion

Like this oval

3. Connect the petals together making the size you want, and depending on your size, your amount of petals you have to make will vary

4. Add a stem and some leaves and if you want you can color the flower, but isn't necessary

You can draw many or just one!

3-D Printers. By: Aleena Kellerman and Shannon Chalfant

3-D printers are fun to use. They can print 3-D drawings and print any structure, animal, person, alien, or anything you can imagine! These printers are also used in many schools. There are two and to be a third 3d printer in the art room. (Mr. Gebhardt's room) The current project the 5th graders are on is we're making buildings.

Stuck on what you should be for halloween? Well here is a homemade idea. Who likes Starbucks? I know I do so here is how you turn yourself into a starbucks cup!

Get a light brown dress, some Feathers, felt and, transfer paper. First roll up your felt to make a cylinder for your straw. Next get your light brown dress and add your feathers to the top. Then you want to get your transfer paper and print the starbucks logo. Get a flat iron and put the transfer paper down where you want it to go on the dress, then grab your flat iron and press it down on the paper. After about 3 minutes then you have an fantastic printed image of the starbucks logo on the dress. Now you are ready to look fabulous and can go to a costume party.

The Miracle Season! Movie Review By:Maggie Allan

The miracle season is a sad but very good movie! It's about a volleyball team that is really good! Caroline is the main character and her nickname is Line. Line's mom has cancer and isn't doing very well. One night Line has a party because they won a volleyball game, after the party was over Line wants to go to the hospital to see her mom.

Line is a bit crazy and outgoing so when she drives she's a little irresponsible. The police came to Carolines door and the dad answered the door, the police broke the news to the dad that Caroline had gotten into a car crash and died. Lines dad was very sad that he started to cry because he lost his daughter and he knew his wife was going to pass away very soon.

The Miracle Season!

By:Maggie Allan

The first person he called was the mother, then carolines best friend, the coach, and the rest of the family. The next day was Caroline's funeral, and the team couldn't stay for all of the funeral. It was to sad for them. One of the symptoms of the moms cancer was she couldn't walk, she was very upset so she said to the dad "This is our daughters funeral, I am walking up the aisle and saying goodbye to her." Suddenly that night the mother passed away in her sleep, the dad couldn't handle himself anymore, he didn't go out places or talk very much to anybody. After a little while lines best friend came over to talk to the dad and just talk to him about everything that happened yesterday.

The Miracle Season!

By: Maggie Allan

After the team heard that Line had passed they couldn't play volleyball like they could with line. Line was always there when they were really sad about everything, or didn't believe in themselves. Line was always there. Everyone was miserable for a while which was making them lose their volleyball games but then finally they built up the strength to win the games because they thought about what would Line do. Then they won the games and finished the season! This movie is a great movie and I recommend it. Oh and don't forget your tissues, blanket, chocolate milk, stuffed animal, and popcorn!

The original wizard of oz

Have you ever read the Wizard of Oz by L. Frank Baum? I think it is a great book. This book is about how Dorothy brought the three characters she found trying to get home. My favorite part of the book is how Dorothy And Toto find the characters. The author is really detailed and I am able to feel how they feel.

If you have read a book like that and it was by a different author and you liked the book, you should try to get the book. If you happen to be interested in it, the book is probably in the school library. Although, if it's not there, it has to be in the public library. You can go to any public library, it's not like you are forced to go to the one that is closest to the school. Let's say you don't have a library card. Ask your parents if you can go to a library and get a card. That is all I have to say about the Wizard of Oz.

The Creepy Turkey.....have a good Thanksgiving!

By Carlasia Sims

My mom wanted me to go out to help her pick out a turkey so we did. My mom picked out a creepy turkey. I had a bad feeling about this turkey. I seen it smile at me and when I told my mom she said I am crazy and I am going back to therapy. "Now I really do not like this turkey" I said to myself.

At the diner table.....

"Tim how was your day?" my dad asked me. It was good until mom wanted me to go get a turkey with her. What happen my dad asked. Mom is putting me back in therapy because I seen the turkey smile at me and I am not lying and mom is being unreasonable. Tim I know you are going crazy and all but you do not talk to your mother like that!!!! Now go to your room. But I did not get to eat dessert. Go to your room. "But mom," I say. "Do not but me go to your room," I am not going to say it again. Ok I will go to my room!

And I will tell you I cried like a little baby.

The next day at therapy

At therapy all she said was when you see stuff like that walk away.

Thanksgiving night

When I woke up it was 7:00 so I went downstairs to get some water. I seen the turkey dancing and making fun of me so I picked it up and slammed it. My mom came downstairs and said you are in big trouble. My mom made me go to the store with her and remake the turkey.

The end

Have a good thanksgiving and don't get a creepy turkey.

Bob and Joe season 1

Bob and Joe are really funny characters who do funny things so I'll start with season 1 is how they meet. One day they were walking down the street they bumped into each other. Then Joe fell down the sewers and Bob used his rope to get Joe out of the sewers. I really don't know why he carries a rope around but he does so they became best friends after that. That's all for now but I'll write more stories.

By: Gavin Mahan and Caleb Spinnenweber

Bobs rope

Bob and Joe season 1

It's time for another Bob and Joe story. One day they went to a candy store, but it wasn't an ordinary candy store. It was huge so they took a long time picking out candy. But it was worth it because the trick-or-treaters loved the candy they got. So they went back the next day and bought some for themselves Bob got 2 jawbreakers and Joe got 3 peanut butter cups. They loved the candy. I wrote this story because it's almost Halloween. Happy Halloween!

By: Gavin Mahan

Bob and Joe season 1

One day Bob and Joe got hungry they decided to order a pizza. They called red onion and ordered a pepperoni pizza. "The pizza took 20-40 minutes," the company said. Meanwhile Bob and Joe played tic-tac-toe against a chicken and they lost (that shows how smart they are). But after 30 minutes the pizza got there so they ate it. Then they realized they didn't have a drink, so they called again after that they played more tic-tac-toe. After a while, the drink got there so they were happy.

By: Gavin Mahan

Bob and Joe season 1 finale

It's time for the bob and joe finale. One day they went to the mall to buy paint brushes to paint their mustaches. But there were no paint brushes so they used their hair. They lost a lot of hair so they went back and bought some hair In a can. It took a while but then ther hair was back to normal and their mustaches were perfectly painted. The next newspaper bob and joe will be more funny.

Bullying Advice

By: Olivia
Flatley

Bullying is something we might have to deal with, so here are ways you can prevent it.

- Be an upstander. Even if you're not getting bullied, help people who are. Tell the bully it's unkind what they're doing and they need to stop.
- The best thing to do is tell a teacher. The teacher will help you if another student is bothering you. All they need to know is if they are hurting you or calling you names and their name.
- Talk to the principal. If this issue is serious and dangerous go to the principal. If it gets to the point where the teacher isn't really helping the principal will definitely help. He or she will discipline anyone at the first sight of harmful bullying.

By: Olivia
Flatley

Bullying Advice

- Just ignore them. It won't always work but, you can try. Ignoring them will make them think you don't care and they want to tease people that do care.
- Don't be the bully. Maybe the bully has problems at home and is taking it out on you. Don't use that anger of being bullied as a reason to bully other people.
- Talk to a parent(s). Too shy to talk to the teacher or principal? Talk to a parent. They can help you because believe it or not they were a kid to. They may have been bullied and can give you tips. They can e-mail the teacher or principal about the situation.

Ask Abby

By: Abby Kauffman

What do you do when someone is mad at you?

-Emily

It is never fun to confront someone if their mad at you. The best thing to do is hear their side of the story. If you do this you can get a better picture of what to do. Hopefully this helps.

How do you get your grades up?

-unknown

You can always take time to study. If that doesn't work you can take notes, sometimes writing things down can help you remember easier. Hope this works.

Ask Abby

By: Abby Kauffman

What do you do if a younger kid is being rude to you on the bus? -Haily

Even if the kid is younger it doesn't make them allowed to be rude. You might want to handle it in a calmer fashion. Making sure little kids know that rude isn't right so they know to do better in the future.

Advice for Tests

By: Lily
Bradford

Nervous about a test? Use these tips!

1. Study! Study for about a week in advance to get your brain prepared and get your knowledge on the subject high.
2. Take your time! Don't rush yourself. Rushing can cause you to skip questions or even get completely wrong answers!
3. Don't skip! Double or even triple check all of your answers!
4. Check! Use resources including notes and books if allowed!
5. Be prepared! Study, take your time, and work hard.

Good luck on all your tests!

Here is the answer to the mystery teacher! Take your final guess! Drumroll please..... It is..... **Mrs. Gephart** !

She teaches in room 206, teaches math and social studies, and switches with Ms.Booher. She has 1 daughter and is married to Mr. Gephart. She is in no way related to the art teacher. Her and her daughter both love Harry Potter. You'll never see her without coffee, and she has to have it to get through the day! She loves running and exercising. Did you guess correctly?

If you are in newspaper club, look on google classroom and leave a request for the next mystery teacher on the posted Mystery Teacher survey/poll!
