Cover Contest Winner Reveal! By: Kaitlyn Beach

Thank you for entering the Paw Print News cover contest!

About 70 students from JHIS in grades 3-5 entered the cover contest. The Paw Print News club voted on a winner. Sadly, not all of the people that turned in a drawing won, but they were all so wonderful. The ones we did not pick will be hung up in the lobby and some honorable mentions will still be in the newspaper. The winner is a jaguar drawing by Piper Frantz in 4th grade, in Mrs. Rometo's class. The winner did a SUPER job, but so did everybody else.

2 hour delays

By: Gianna Machi

We will be having a lot of two hour delays this month. We love two hour delays! The temperatures are going to be - 4 degrees! So let's hope that we have a lot of two hour delays! If we don't have two hour delays, we have a day off. People don't like the day off because, we always have to make the day that we missed up. If we have the day off we will still enjoy the day off and be warm with our blanket, hot chocolate, and the fire place!

Valentine's Day!

Valentine's Day is coming up soon! We will be celebrating it on February 14th every year. We always spend time with each other during this time. We spend time with people we love because we care about them!

Orchestra

Written by: Addison Fenlock

Orchestra is an extra activity for some students that choose to do it during the school day. There are three instruments to play in the orchestra. There are the violin, the viola, and the cello. The violins are playing two songs. These two songs are called "Simple Square Dance" and "When the Saints Go Marching In."

Art Class

In art class we have been working on doing pottery stamps. When we are done making our stamps we use clay to make different shaped beads. When we finish our beads we can make them into a bracelet, necklace, keychain, or many other things.

P.E. Class

By: Addison Fenlock

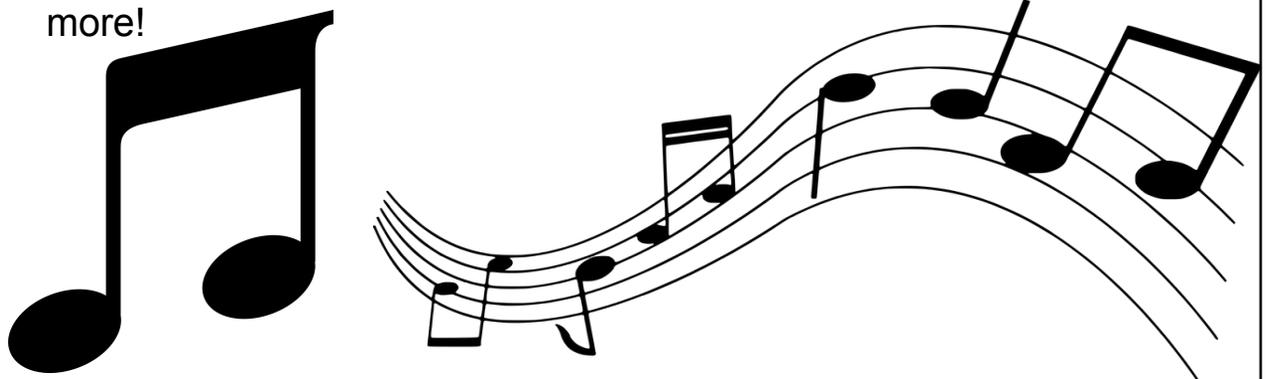

Gym class is a class where we can have fun and play all kinds of sports. The sport we are playing right now in gym class is Volleyball! Our first class of volleyball was fun because we watched videos on how to set the ball and how to bump the ball. We got to throw and bump or set the ball with a partner from the other class! We were doing that, but in these gym classes now we are playing a game where you have a group of four or five people and one person will have a ball with no rubber strings on the outside. They will throw the ball and the other people will have balls with rubber strings on them will throw theirs and the person who has their ball closest to the person with the plain ball will win! That is what we are doing in gym class.

Music Class

By : Ally Feth

In music class we are learning a lot! We are learning different time signatures! We are also learning how to keep a steady beat. We are learning a lot about music and I am very excited to learn a lot more!

Library

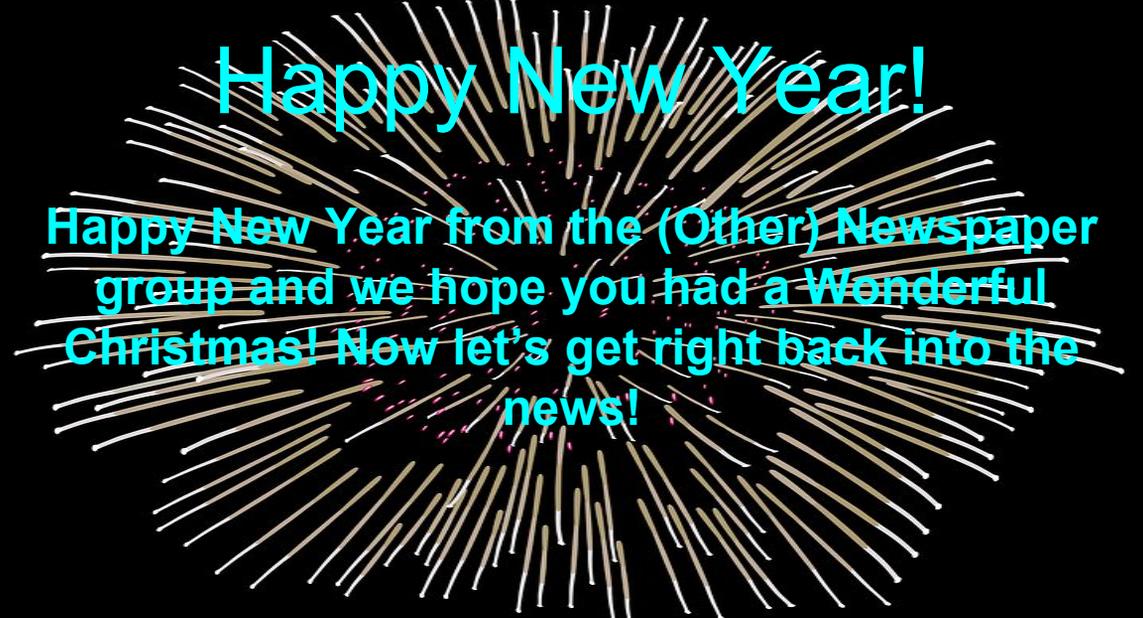

By: Addison Fenlock

We are doing lots of fun stuff in library and we can choose anything we want! Here are some examples of things we can do. In library we are allowed to go out in the hall and do yoga from the TV. We also can do read and ride. Read and Ride is where there are benches and stationary pedals and you can pedal while sitting on the bench. We just got new robots named Dash and Dot that we can program to do stuff like bulldoze stuff, talk, and move around. Our library teacher gave us all kinds of cool stuff to do in library class!

2018 News Recap

By: Mason Grilli

It all started January 3 when a powerful storm called a Bomb Cyclone covered the East Coast in snow. It also brought harsh winds and causes flooding along the coast. On January 9 mudslides devastated parts of Montecito, California. They destroyed homes and caused 21 fatalities. Mudslides are caused by heavy rains that send mud and boulders rushing downhill.

Then, February 6 the Falcon Heavy rocket from SpaceX, blasts off that is holding a red Tesla. The car is "driven" by a mannequin in a space suit named Starman. Now, on May 3 the volcano Kilauea erupted on Hawaii's Big Island. It spews lava and toxic gas. Plus, it opened fissures, or cracks in the Earth. The day after the eruption caused a 6.9 magnitude earthquake.

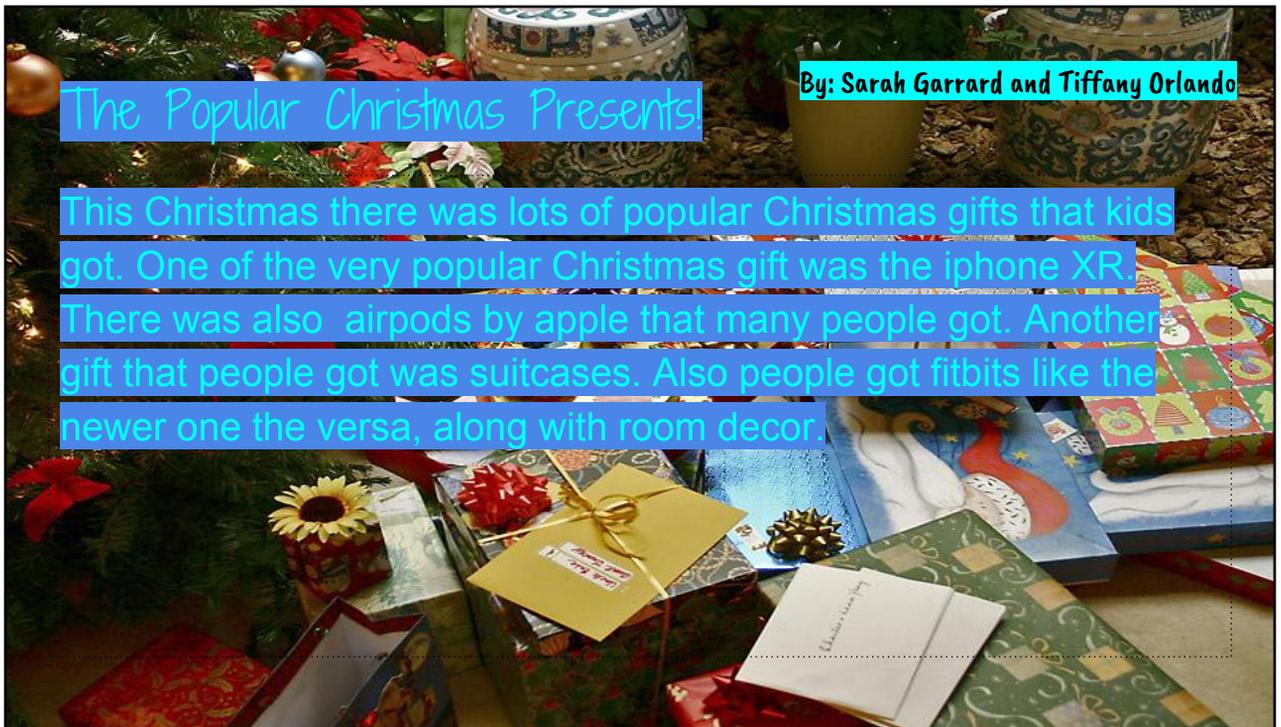

Now no one will forget this event that occurred on May 19... THE ROYAL WEDDING. Prince Harry married actor Meghan Markle.

Then on June 12 a historic summit was held in Singapore between President Trump and North Korean leader Kim Jong-Un to discuss ending North Korea's nuclear program.

Next, on July 27 people around the world witnessed a TOTAL LUNAR ECLIPSE. This is when the sun, Earth, and moon line up. The sun casts Earth's shadow on the moon. The phenomenon is also known as a blood moon.

Then, sadly on August 25 Senator John McCain passes away at age 81 from brain cancer. He was buried at U.S Naval Academy, in Annapolis, Maryland.

Also now on September 14 Hurricane Florence (I wrote about his storm in Volume 1 of Paw Print News) makes landfall in North Carolina. The storm brings heavy rains and a 10-foot storm surge of seawater. WHOLE NEIGHBORHOODS were submerged. More than 600,000 homes and businesses were without power.

People in Medieval England had rap battles.

Before rap battles, there was “flyting,” a type of trading of insults that was popular from the 5th to the 16th centuries in England and Scotland. As *Atlas Obscura* describes it, “Participants employed the timeless tools of provocation and perversion as well as satire, rhetoric, and early bathroom humor to publicly trounce opponents,” and even society’s elite would join in these battles of wits.

For the same reason you can't exhale while holding your nose and closing your mouth—to make the humming noise you have to pass air through your larynx. You can't do that when no air can be exhaled. Still, seems pretty weird.

HOW TO MAKE AN EMOJI MASON JAR

By: McKenna Shaw, Maggie Coleman, and Quenne Zheng

This is an easy DIY for beginners, because you most likely have these

utensils/objects at home.

What you will need is:

- A small mason jar
- Yellow, black, brown, red or pink, and white paint
- Water (optional) to put in the mason jar)
- Heart stickers (you can use them as a stencil or as the actual eyes)
- Paint brushes (big & small) or sponges (for the big paint brush)
- Paper towels
- Modge podge or any CLEAR glaze

HOW TO MAKE AN EMOJI MASON JAR (CONTINUED)

By: McKenna Shaw, Maggie Coleman, and Quenne Zheng

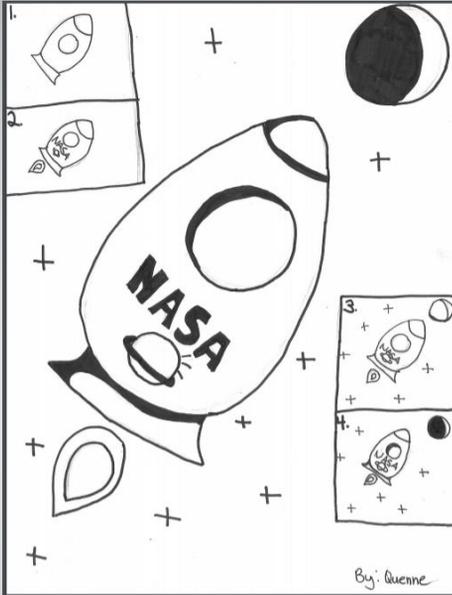

Now it is time to get started! 😊

The First Step is to put the heart stickers on the mason jar (if you are using them as a stencil) If you are using them as the eyes just paint the jar yellow. **The Second Step** is to paint the jar yellow over the heart eyes with the big brush and with a paper towel underneath. (If you use the stickers as the eyes then add them on the jar when the yellow paint is dry.) **The Next Step** is to wait until the paint dries, peel of the hearts and take your small brush and paint the empty eyes in with red or pink paint. Then take your brown paint and paint a half a circle (make sure the half circle is near the bottom, and that your flat side of the half circle is facing up) **Last Step** is to with your black paint, outline the mouth LIGHTLY with the small brush. This step is optional. Take your big brush and apply your glaze. Adding the glaze will prevents the paint from chipping and makes it super glossy. I hope you enjoyed!

Nail Designs: Fireworks

By: Jillian Droppa

Hi! This is a new series I'll be starting called Nail Designs. Today we will be doing fireworks!

You'll need :

- Different color stripping nail polishes. If not, thin a paint brush by cutting it.
- Chunky multi-color glitter nail polish
- Blue nail polish. You can use blue-purple multi-chrome.
- Makeup sponge
- Top coat

BY: Jillian Droppa

Nail Designs: Fireworks continued

First, you'll want to paint a base layer of top coat. After it dries, put on the blue nail polish. Add layers on all nails till opaque.

Then, take the stripping polishes. Add fireworks by lines. One long line and then smaller ones around the top. The lines can curve and all you want, but it's nicer with a gentle one. Now, get that makeup sponge and glitter nail. **WARNING! YOU WILL HAVE TO CUT THE MAKEUP SPONGE AFTERWARDS! IT HARDENS AND CAN'T COME OFF!** Paint on the glitter nail polish on your ring finger and the makeup sponge. Dab, dab, dab away until your ring finger is opaque. The sponge collects up all the extra gel.

Finally, when it's all dry, add some glossy top coat! BY: Jillian Droppa

Golden Retrievers

By: Olivia Edwards
and Elizabeth Hansen

Olivia Edwards,
"This is my dog
named Max."

Golden Retrievers may be the dogs in the airport that sniff your suitcases. They are switching to dogs with more fluffy haired ears like labs and golden retrievers. The dogs with pointy ears have been scaring kids. Golden Retrievers are active and love kids. Golden Retrievers are often used on search and rescue teams because of their keen sense of smell and tracking abilities. As the dog ages his/her fur will get darker. Golden retrievers have a very high tolerance to pain and can tolerate injuries that many other dogs can't tolerate. That is part of why they make very good rescuers, police, and hunting helpers. Retrievers are prone to health problems like hip dysplasia, eye problems, and epilepsy. If I were you, I would get a Golden Retriever!

How did you spend your New Year?

By:Olivia Flatley

I asked Ms. McWilliams, Mrs. Morgan, and Mr. Very how they spent New Years Eve and this is what they said.

Ms.McWilliams: "I watched the ball drop on TV. I also had a sleepover with my sisters."

Mrs.Morgan: "I went to a neighbor's house with my kids and husband. The kids played ping-pong and and we watched the ball drop."

Mr. Very: "We had our neighbors and their kids come over. At midnight we went outside and banged on pots and pans. We actually woke up Mrs. Sciotto (the third grade writing teacher) and her family since they live a few doors up from us."

Ask Abby

I buy my lunch everyday and all my friends pack their lunch and I cannot sit with them. They always make plans and play games without me.

-Jamie

You could try to pack lunch or ask your friends to buy their lunches. If that doesn't work you can ask your friends to sit at the end of the packers line so you sit with them. If I had that problem I'd probably use the last advice.

My birthday is coming up! It is February 12th, 2008! So get ready for a lot more facts in the next volume!

- Some dinosaurs, such as allosaurus, would sometimes hunt by separating young and weak herbivores from their herd and then trapping them against a cliff or by a river.
- Jaguars and leopards are very similar and people are often confused about which is which. Although, leopards live in africa and jump from trees to kill prey and have different spots than jaguars. Jaguars live in rainforests and depend on their stealth to kill prey.
