# Learn How to draw easily By: Aleena Kellermann

A easy way to learn to draw is...?

First, you need to get a piece of paper and your chromebook. Next, you find the drawing you want to draw and put the piece of paper on top of the chromebook. Then, you start to draw the picture you want to draw. Last you take off the drawing, trace with black marker, and color it and then you are done!

## Bob and Joe Updates

Alright I know I said this movie would be 5 parts but that isn't enough. So it will be 8 parts. And one more thing to tell you I know I said comics would be in season 5 but I had to do the trailer as a comic sorry. And in season three some stories were supposed to say season 3.

By: Gavin Mahan

## **The Bob and Joe Movie part 1**

The world was under attack. Darkclaw came without warning. Then the F.B.I came in to stop him. When they failed. Two heroes came in to stop him. Their names were Bob and Joe. One day they discovered that Darkclaw's power came from the people's fear. So then they gang up the ultimate team with Cactus army but that wasn't enough. The second Time they won. In the next part Bob and Joe travel to fight this monster make sure you read it.

By: Max Petrovich and Gavin Mahan

## **The Bob and Joe Movie part 2**

Alright team today we will bring together our ultimate team and since we are very lazy we will do a time card and show our team hero's names. Mr. non recyclable he uses his trash and turned his robot body, next is cereal boy his powers are cereal for some reason. Then is silverware gal she uses silverware as an attack. Now here is thanos wait wait here we can't do this this is copyright and he's a villain sorry folks. Now here is the non copyright hero is ore he used to work at a nuclear storage with darkclaw and he had ore with him and he fell in the nuke and became this. Now back to story... so team we have a problem darkclaw is destroying our town and we can do this with our powers and the power donuts which are on our side. We will stop Darkclaw, but unfortunately Darkclaw was listening and heard everything about the three power donuts. Now darkclaw's backstory.

By Max Petrovich and Gavin Mahan

## **The Bob and Joe Movie part 3**

Darkclaw was once a normal man. But once the nuclear power plant that he lived by unleashed a lot of dangerous mutations. Darkclaw was affected by that and he was mutated into what he is now. So were 3 other people. The other people were locked up tight but darkclaw escaped. So now he wants to get revenge at the people for locking up his friends!

by:Gavin Mahan and Max Petrovich

## **The Bob and Joe movie part 4**

Now that you've heard that backstory from darkclaw now its time to go back to the story. So team it's time to get our power donuts. First we'll get the power donut cause we need that power said Bob. And we know where the donuts are because we just know. So where is it? said silverware gal. It's in the dessert desert so let's head out team in our mini planes said Joe (many hours later). Team we are in the spot where the donut is. Now let's dig up the hole. Well well well said darkclaw I heard everything about your donuts now let's fight. Silverware gal poke him with your forks and mr non recyclable use yo boiling water. Ok said both. Hey while you were plotting I ate your dumb donut for more power said darkclaw. Now I have the power yeahhhh Ok bye. And also I'll eat the last two donuts Just wait.

By Gavin Mahan And Max Petrovich

## **The Bob and Joe Movie part 5**

Well now that he ate the power donut we still have the lazer donut. Lets get into our mini planes said Joe and get to the destruction planet and get the lazer donut. (many days later) Now the exact location of the donut in our hands said Bob. Not so fast boys. Hey Irín a girl said silverware gal. Ok fine Irín here its me darkclaw now lets battle for the donut said darkclaw . Charge cactus army attack uh oh uuuuh I use lazer donut said darkclaw. What no nom nom nom. Yes I am more powerful now say goodbye to your worthless cacti army. Bye blam no this will take a whole season to remake this wait what yeah we are all just something made bye a creator we don't even exist oh. You know what Im just going to leave now.

By Gavin Mahan and Max Petrovich

## **The Bob and Joe Movie part 6**

The mind donut is the most power donut of them all. This donut can control other people's minds so Bob and Joe will use it alot in the story. Darkclaw's mind was controlled once he hated it. The s.w.a.t. Team controlled his mind. Darkclaw snapped out of it and promised himself he would never let anyone control his mind again. But Bob and Joe may be able to control it but they didn't. Bob and Joe and their heroic team lost. Now they are training to be better.

By Gavin Mahan and Max Petrovich

# The Bob and Joe Movie part 7

Mu ha ha ha yes you see now world this is for locking up my peeps in that nuclear plant. Now prepare for ultimate destruction. Not so fast darkclaw say whaaaaaaa now that our team is better than ever now prepare to be vanquished darkclaw attack. Cookiecrisps attack yelled cereal boy as he poured his cookiecrisps around darkclaw. Mmmmm cookies well I guess I can have a snake nom nom nom. Sneak attack! Go butterknifes SLICE yelled silverware gal. Ow thats it mind donut yes now cereal boy and silverware gal are now on my side ha ha ha (one second later) dang it the all of the donuts powers are done now I am weak. Now team lets put this boy in his place MEGA POWERZ ..... Now don't worry darkclaw you are now in a therapy. Now your therapist will talk about your anger accident at the nuclear plant no you can be happy oh ok (many months later) Hey Bob and Joe your therapist idea helped me now I am only peace and happiness. Good well I guess that wraps up our movie. **THE END**

## Video Game Tips

The Legend of Zelda: Breath of the Wild By: Nathan Haramic

For all of you gamers reading this, I am going to teach you some stuff about The Legend of Zelda Breath of the Wild! So, let's get started. 1. If you go to the Riola Spring go to the back and there should be a small cave. Go into it and get rid of the lightning keese so it is safe. Then, get out some wood (if you have some, if not... DESTROY SOME TREES!). Next, burn the wood with either the great flameblade, a normal flameblade, fire arrows, or anything that involves fire. The wood will turn into a campfire and you have to sit by it until morning. Then, the Farosh (the lightning dragon that serves the Spring of Courage) will come out of the Riola Spring! You have to shoot it with an arrow. Sit by the fire until morning again and shoot it again. Repeat this method until you are out of arrows. Finally... collect all of the scales or shards of the horn and sell them all. This method will help you get rich with rupees! Isaiah Vinay told me this method.

## Video Game Tips #2 Pokemon Let's Go By: Nathan Haramic

If you are a fan of Pokemon Let's go Pikachu and Pokemon Let's go Eevee, here are a few tips. If you have been wondering how to get Mew (not Mewtwo, Mew) you have to get the PokeBall Plus. You know, the PokeBall controller thing, it's \$50 and you have to open the **menu** and select **communicate** and then select **mystery gifts**. Then you have to select **get with PokeBall Plus** and you will get Mew. Another tip is that if you see an Eevee or Pikachu icon in the bottom left corner shaking a green controller shake your controller and your partner will usually give you a gift. The possible items will be a pretty wing, a tropical shell, a big pearl, or other things.

## This is the new interview by: Samantha Strobe

This is the question: Did you like Read Across America week and why? Was there another event that you liked better? Why?

Shannon Chalfant: I liked RAA(Read Across America) week but at Gill Hall we did a movie. It would be nice if each class could watch a movie in homeroom? I'm not complaining I'm just suggesting so don't take this response the wrong way. The Aviary visit was awesome and Disco was so cute, that I thought I would explode. (Or that's just me because I love penguins.) Disco was also hilarious (because he pooped all over the table). Overall, I give the week 80 percent out of 100.

Alivia Zulka: I liked it because it was just really fun to have a chance to get a free snack and to have all of the different days where we get to wear a specific day, it was really fun. I also loved Disco, he was SO ADORABLE! Over all, I give the week a 88 percent out of 100.

## Ask Abby

I keep forgetting my instrument at school

-Unknown

Even though it's not the end of the world, it's never good to forget your instrument at school. You could always ask a friend to remind you. Probably one that rides your bus. I have to do this for my sister.

What do you do if your friend from last year is ignoring you?

- ☀️

You should try to talk to the person. Maybe they're not ignoring you. You should try to make an effort before going to the next resort. If you can't figure it out maybe find friends that don't ignore you.

What do I do if someone is bullying me or if one of your friends is nice to you and is there for you but hits you or laughs at you when you make a mistake? -problems
