

What's New in Dining Services

West Jefferson Hills School District

Perhaps you've heard about the all new federal regulations regarding school lunch. This document is designed to help you understand the new program.

This fall, **West Jefferson Hills** cafeterias are meeting tough new federal nutrition standards for school meals, ensuring that meals are healthy and well balanced and provide students all the nutrition they need to succeed at school. Now is a great time to encourage your child(ren) to choose school lunch!

School meals offer students milk, fruits, vegetables, proteins and grains, and they must meet strict limits on saturated fat and portion size. Beginning in School Year 2013-2014, school lunches will meet additional standards requiring:

- **Age-appropriate calorie limits**
- **Larger servings of vegetables and fruits (students must take at least one serving of produce)**
- **A wider variety of vegetables, including dark green and red/orange vegetables and legumes**
- **Fat-free or 1% milk (flavored milk will be fat-free)**
- **More whole grains**
- **And less sodium**

When possible and available, Metz Culinary Management is proud to utilize local produce in our program.
