

OUR MISSION —

The West Jefferson Hills School District Foundation for Education provides a supplemental funding source to further enhance and enrich student educational opportunities.

OUR GOALS —

The goals of the West Jefferson Hills School District Foundation for Education are directly aligned with the district's set of core values and will support the mission by:

- Providing staff with funding opportunities for unique, engaging and real-world learning experiences for students
- Funding outreach programs which promote inclusion
- Building sustainable relations and valuable partnerships with businesses and organizations within the community
- Creating awareness of the West Jefferson Hills School District Foundation for Education.

ATHLETICS

THE ATHLETIC PROGRAM PLAYS AN ESSENTIAL ROLE IN THE DEVELOPMENT OF HONESTY, INTEGRITY AND RESPECT BY ENCOURAGING STUDENTS TO COMPETE WITH DIGNITY AND PRIDE WHILE DEVELOPING A COMMITMENT TO TEAMWORK.

ACHIEVEMENTS

The West Jefferson Hills School District takes great pride in its many academic, artistic and athletic accomplishments. Our students consistently score at the proficient level or above on the various required Pennsylvania State System of Assessments and Keystone exams. Our students involved in the band, choir, orchestra and dramatics programs are recognized throughout the area, and district athletic teams consistently excel and achieve post-season playoffs at the district and state levels.

WHO WE ARE

The West Jefferson Hills School District provides an innovative educational curriculum for approximately 3,000 students serving the communities of Jefferson Hills, Pleasant Hills and West Elizabeth. The District is organized in a K-2, 3-5, 6-8 and 9-12 plan offering a full academic program based upon the core values of respect, empathy and integrity. Our personalized learning curriculum helps educators meet the unique needs of every student. Educational Support Programs with teams of trained personnel are available in every school to assist students who may be experiencing learning or emotional difficulties. Partnerships with local school districts, post-secondary education institutions, organizations, corporations and neighboring businesses further enhance student learning.

A new, state-of-the-art high school opened in August 2019 designed with collaborative learning spaces and innovative technology to support personalized learning and equip students with problem-solving skills, critical thinking, collaboration skills, and real-world learning.
