Alligators?

The animals that shouldn't be here.

By: Caprice Kaasa

Maybe you like alligators, maybe not. But did you know we have found them in Pennsylvania? Yep. There have been 5 sightings and counting. These animals were found roaming the streets and are now being shipped to Florida, and a humane animal rescue in Homewood. Why has this been happening? You might ask. Well, these animals are much cheaper than regular pets like dogs and cats, at a price of \$50. People think it's a good idea to keep the babies as pets. Then, when they get too big they abandon the pets and the animals are found by others.

Alligators?

The animals that shouldn't be here. (*Continued*)

Fun fact: A 14 year old adopted an alligator and hid it from his parents under his bed for 2 months before his mom finally found it! She was furious but there are no laws preventing selling alligators to kids.

Should you be worried? The animals have not attacked anybody yet, but there could possibly be more alligators along the way.

Though our scaly friends keep showing up in PA they won't be able to survive the winter. While it is perfectly legal to own an alligator, experts are saying we need to have laws to prevent it. So what do you think? Are alligators okay to have, why or why not?

Latest Problem: Plastic Straws.

“It's just one plastic straw.”

That's what you might think. Millions of people think that every day. In fact, Americans alone use more than 500 million drinking straws a day. That's enough to fill ONE HUNDRED TWENTY FIVE school busses.

Plastic straws have become a problem across the United States of America, but some places are trying to work to fix it. Take Starbucks for example. They used to use A LOT of plastic straws. Almost every customer uses a plastic straw, if you don't buy hot coffee. But, now they are making new lids. The new lids look a bit like the sippy cups young kids use. But, the lids, unlike plastic straws, can be recycled.

Latest Problem: Plastic Straws. *Continued...*

Ok, so one company isn't using straws anymore. It will save a lot of straws, and work towards no plastic straws, but it could be bigger. Well, guess what? In California, it's illegal for a restaurant server to give you a plastic straw! And in Seattle, all plastic knives, forks, spoons, or sporks have all been banned. In my opinion, that's a step towards a strawless future.

Big Problem: Newark Water By: Marley Defries

In Newark New Jersey, the water contains toxic levels of lead. The lead got into the water from old and worn-down pipes in their city. The water was tested and it was proven that the water contains lead. It could take more than two years and more than 120 million dollars to fix the problem!

Roman Fluhme's World News

What do astronauts do for fun while working in space? One source of entertainment is that they've been playing with slime! Right now six astronauts are living on the International space station (ISS) which is more than 200 miles above earth. This space station is a giant laboratory. Astronauts are playing with and studying the effects of gravity on slime. Astronauts are throwing, playing slime tennis and having squirt gun battles with slime. They are taking videos of these activities to show students back on Earth how a water substance like slime reacts in low gravity environments. Water for instance separates into a sphere in low gravity. If you would like to know more about slime in space go online to Nickelodeon slime in space and you should also keep a lookout for updates from Scholastic News.

Bus Rooms

After the last bell rings you go to your locker and pack up or whenever your teacher dismisses you. After you pack up go to your bus room. Try to help your bus room teacher if they need help.

When you are going to your bus rooms please walk on the correct side of the hallways. Also teachers do not like when people are getting out your phones they do not want you to get hurt in the hallways. Can you guys also try not to chew gum in the hallways or in your bus rooms either.

Lunchtime into recess

When your done eating please stay quiet and listen to directions. The teachers will let you out for recess. Just get quiet and then you can go but if you being loud it will take longer so just stay quiet.

Once you get outside you can be loud and crazy but when your in the lunchroom please listen so that they can give instructions.

By: Maliah Gonzalez

Homeroom.

As you get off the bus, get dropped off, or in Tinder Care when the first bell rings wherever you are you go to your home room teacher. Then unpack at your locker. My tip is get your things that you need for your class then get a drink and go to the bathroom so you don't have to go in class and miss important information!

How to get to next class quickly

If you are getting to class late a lot here are some good tips. You can walk quick but not to fast because then you will get in trouble so walk with a purpose. When the bell rings and the teacher says class dismissed get up go to your locker and get your stuff for your next class and head to class. Don't wait for all your friends to come because then you're going to be late. Lastly, if you're going to a encore class like art or music or library make sure that you have everything you need so that you don't have to go back to your locker and waste silly time even tho some kids would rather be walking at a snail's pace than walking with a purpose. Please just be at class on time so that everything will go good and you will get a good grade.

NFL YEAR 100

It is year 100 in the nfl! Here are the undefeated teams. 1 Jimmy G is undefeated will he win against the browns on monday? The lions failed the hail mary with 2 seconds left! The most obvious is the patriots. All teams are 4-0 expect the 49ers at 3-0 because of their bye week. But let's talk about the bad teams instead eh? With the most obvious the Miami Dolphins there are a lot of memes about them because they are very bad. I like the Redskins a lot! But they are one of the bad teams one game Bears vs Redskins Case Keenum threw 4 ints and also there was 4 force fumbles. Also another one of my favourite teams is the Bengals. The Bengals are 0-5 with a 26-23 loss against the Cardinals. The Redskins have fired their coach after a 33-7 loss against the Patriots. Thanks for reading!

Hooray The Steelers Finally Won!

The steelers finally won against the Bengals 27-3. The Steelers are 1-3. They are not losers anymore! The game happened on 9/30/19. They used to be 0-3 but now they are 1-3. Who will be their next victim or will they become 1-4 and lose again? Or maybe they will tie and become 1-1-3. In the meantime the Steelers are going to be training harder than ever.

By: Corbin Ruch and Jacob Hrizo

Pittsburgh vs Baltimore

The Steelers game on 10/6/19 was SO crazy! First, the Steelers tried to do a wildcat, but then the Ravens intercepted it and got a touchdown. Next, Mason Rudolph got knocked out and has a concussion. (No penalties!) Then, James Washington got a shoulder injury. Finally, Marlon Humphrey knocked the ball out of Juju Smith-Schuster's hands and ran to the ball and took it. Then to wrap it all up, Justin Tucker kicked a field goal and the Ravens beat the Steelers 26-23. So, now the Steelers are 1-4.

Pooja's Radical Reading Zone

By: Pooja Berri

Let's start with books. Books can look like a lot of pages, but it really is not. So if you don't like books I have a way that can help. Try reading comics, and I know what you're thinking. What should I read? Well I think you should read the books written by: Raina Telgemeier, Aaron Blabey, Dav Pilkey, Jeff Kinney, and one of my authors, Rebecca Elliott. These are famous authors from books that we read everyday.

Pooja's Entertainment #Seasons!

Have you ever thought of how beautiful nature is? If not well you should try it. Or you can try this. So you're outside and you're bored. Try and look at nature and I know what you're thinking, why should I do this? Well, by doing that you will realize what you have not seen in the last 9 - 11 years. You should enjoy it when it's still there. So just enjoy nature when it is all there.

Brenna's Recommendation

Let's start with books! If you are more of a person who likes reading about drama, I recommend graphic novels like *Smile*, *Sisters*, *Baby Sitters Club*, and more by that author! If you're more into eery books try reading the series *Series of Unfortunate Events*, it had a lot of pages each book so you can get up to your book challenge easy. I read to the 3rd book and it is really nice! I Don't have any recommendations on sports. For history if you want to read about disasters in the past, try reading *I survived!* They give you lots of info! I recommend you read actual books not audio books, being on the computer too much could ruin your brain. That's it for Brenna's Recommend.

In art class we are making designs on tinkercad. We are doing lessons that teach us to do different stuff and how to change the shapes color and size. We do all sorts of stuff when we enter the art room.

We color, draw and do different kinds of art from different countries. Mostly from Africa. Last year we made African drums out of tape and cardboard. We drew different African designs on the cardboard. Then it was finished. Come back next time for another art lesson. BYE!

How to Craft Slime

by Ryan Hausman

- 8-ounce bottle Elmer's white school glue
 - 1 1/2 – 2 Tablespoons contact saline solution, more as needed
 - 1 Tablespoon baking soda
 - Food coloring, optional
1. Add glue and food coloring to bowl. Stir until combined. Then mix in baking soda.
 2. Add 1 1/2 tablespoons saline solution and mix until combined. If it's too sticky, add 1/2 tablespoon more solution at a time. The more you add, the thicker it'll be.
 3. Using your hands, knead the slime until it holds together.
 4. Store slime in a container with lid, or in a zip top bag.

How to DIY a Costume

It's super easy to DIY a costume at home! All you need is clothing, and an idea in mind! Let's say that you wanted to be Harry Potter. All you would need is an oversized long sleeve black shirt (the cloak), a red or yellow tie, black pants, and round glasses. You could also add extra accessories, like a wand, a Gryffindor pin, or a stuffed owl (Harry's pet, Hedwig). There are endless possibilities for making your own costume, just make sure to have fun!

Bullying Advice

By: Annaliese Flatley

- Be an upstander, help other people that are being bullied even if your not being bullied yourself.
- If your being bullied then don't let the bully get to your head and if they say something about you just say,"Ok." Because once they know you don't care they will stop.
- Don't be rude back to the bully, always just ignore them and don't let them bug you or ruin your day.
- Never let a bully influence you into being rude to others too, then there will be to many bullies and before you know it there will be very few nice kids.
- If you are being bullied then tell a teacher, parent, or guardian when it started and what they are saying and they will try to help.

More Bullying Advice

By:Annaliese Flatley

- Always tell someone whether you want to or not because they can't help you if they don't know what to help you with
- Never take out your anger on a friend or teacher, calmly say what is wrong
