

## Student Opportunities for Future Readiness

Students in grades 7-12 and educators are invited to participate in a series of Snack & Learns scheduled through the spring of 2021. Snack & Learns provide opportunities for students and educators to engage with professionals in a career cluster of interest or with staff and faculty at post-secondary institutions. All sessions are free and open to anyone interested. Advanced registration for **each** session is required at <https://forms.gle/RFRQBYxx5FgriL1A6>. A media release form is also required and available at the registration link.

### January 2021 Sessions

- Duquesne Light Careers Presentation, 1/13 at 1:00 pm Eastern  
Erin Bunda from [Duquesne Light Company](#) will present on the various careers and career pathways their company has to offer, as well as the post-secondary requirements needed for employment.
- Elliott Group Snack & Learn, 1/20 at 11 am Eastern  
Mike Storms, Director of Operations at [Elliott Group](#) in Jeannette, PA, will talk about careers and career pathways at their manufacturing company, including those in manufacturing, engineering, and entry-level positions.
- Planning for College in the COVID-19 Era, 1/28 at 11 am Eastern  
Dr. Shari Payne, Vice President of Enrollment for [Waynesburg University](#), will present an interactive session with information for high school students (all grades welcome) on how to plan a college admissions strategy amongst all of the restrictions that the pandemic has caused.

Questions should be directed to [gbarrett@tcfpe.org](mailto:gbarrett@tcfpe.org).

These sessions are organized by the [Consortium for Public Education](#), a non-profit based in McKeesport, PA, that connects schools with community so that students can access the opportunities, resources, and experiences they need to imagine, plan, and be ready for their futures.
